Nippersink Education Foundation
Mr. Jonathan Hillmale
10707 W. Riviera Dr.
Spring Grove, IL 60081

Dear Mr. Hillmale,

The Foundation's recent donation of \$15,024.89 to Nippersink School District 2 arrived at a wonderful time. These financial resources were dedicated to improving the technology infrastructure within and between our three district buildings. Towers, servers, and wires are evidence of the successful project. This enhancement will provide teachers, students, staff, parents, and community members greater electronic access to the schools' information, instructional materials, and student management programs. This upgrade provided a much needed relief to our limited operation.

The Foundation, its directors, and its members are to be commended for their efforts and generous support of this school district. What a difference your gift made!

Thank you for making Nippersink School District 2 a priority and a better place for our students.

On behalf of the Board of Education, administration, teachers and staff, I thank you for your kind deed.

Respectfully and gratefully,

Dr. Dan Oest, Superintendent
